FEATURES

“I’ve been enjoying using the Connect Pen in my daily studies, and have found it very useful. It’s been particularly helpful for me when picking out quotations from books for my research.” – Henry, Student.

SCAN TO FILE

Scan text in printed form and digitalize it. Just run the Connect Pen along text, while connected to your device, and it will type out all of the text you scan.

STORAGE

Scan notes and quotes from textbooks and documents. Save as a text file locally, upload to your cloud drive, or share with someone in a message.

TRANSLATE

The Connect Pen can help you read or learn an additional language. It instantly translates, and has accurate and consistent pronunciation, so you can be more confident in any language you learn.

BATTERY/INTERNET

The Connect Pen will work anywhere you want to take it, with no need to connect to the internet. A long battery life ensures you can scan text and translate for hours without needing to recharge.

The Connect Pen works with Android, iOS (iPhone/iPad), Windows and Mac.

System Requirements - iOS 11/Android 5
