“

“The ExamReader™ allows students to access the curriculum independently. I use the pens with special education students to help them read materials that previously they could not access. All of the students who use the pen love it! They have gained confidence and independence in the classroom. It makes them feel better about themselves. The ExamReader™ saves time for staff as they no longer have to read a selection to students or spend time creating materials at a lower reading level.”

- **Intervention Specialist, North Baltimore Local Schools**

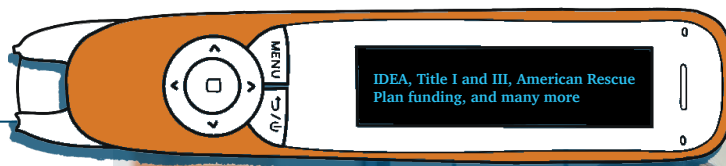

“Our students love the ExamReader™ and our teachers are seeing improvement in reading!” - **Dyslexia Director, South Texas School District**
